

Spring Education 2017 Recap

Our Spring Education 2017 was a delightful success! Located at the beautiful SentryWorld in Stevens Point we had over 50 paras in attendance. I would like to extend a **Thank You** to everyone who participated for your involvement, questions and feedback about the event and classes.

I also want to say **Thank You** to our remarkable educators, Dr. Greg Vickers, Amy Kraemer and Adam Cherry. Your wealth of knowledge and presentation was greatly appreciated by all who attended.

A quick note about the classes that did not receive accreditation for CPO... We wanted to try an interactive approach to the workshops versus a structured lecture. Hopefully you walked away from the classes with a better understanding of the topic(s) presented. Amy Kraemer has created a course that she will present at our Fall Convention 2017, which will contain the top questions received and answers to those questions that she covered in her *Ask The Expert* workshop. This one hour class will be submitted for credit approval.

Looking forward to seeing everyone at the Fall Convention!
Ashley Sommers, CPO
WPA Vice-President
